

Wisconsin Department of Veterans Affairs

Tony Evers, Governor | Mary M. Kolar, Secretary

September 22, 2022

Dear King Members, Friends, and Family:

We are grateful for your support as we provide compassionate, skilled nursing care to your family member at our Home. We appreciate all who take personal responsibility to limit their exposure to COVID-19 while in the community and keep our members safe when you visit.

Since we updated you on September 20, we had 1 employee test positive for COVID-19. Accounting for all recent recoveries, currently we have 7 cases of COVID-19 on campus (2 members, 5 employees).

Updated COVID-19 boosters are now available, and the Wisconsin Department of Health Services is urging everyone to get boosted against COVID-19 and its variants. Anyone 12 and older is now eligible to receive these updated COVID-19 boosters, also known as bivalent boosters.

You can now schedule an appointment for the bivalent boosters at your local pharmacies, health centers, and clinics. We encourage everyone to make an appointment to stay current on your boosters and vaccines. Please visit the DHS webpage to find a vaccine and booster location near you (<https://www.dhs.wisconsin.gov/covid-19/vaccine-get.htm>).

Thank you for your continued commitment and support of our Home.

Sincerely,

Tammy Servatius
Commandant
